

# Home for the Holidays Foster Application

**What:** We will be seeking foster families for any shelter animals not yet adopted over the holidays! This will include cats, dogs, rabbits, and other small animals!

**When:** Foster families will pick up animals on Sunday 12/23 and return them on or after Wednesday 1/2

**Why:** Not only will this event provide a temporary home for foster animals over the holidays, it will also be a great experience for us to learn more about the animals in a home environment and provide valuable information to their new adopters! Foster families are encouraged to take photos, advertise their foster pets to friends/family, and assist TAHS in finding them permanent homes!

Think this may be for you? Please complete the following application, and return to the shelter or email to Kristen at [foster@toledohumane.org](mailto:foster@toledohumane.org) by the end of the day 12/17/18. This application will be for families ONLY interested in participating in Home for the Holidays. Any families interested in fostering on a regular basis should complete our standard Foster Application.

Name: \_\_\_\_\_ DOB: \_\_\_\_\_ DL #: \_\_\_\_\_

Address: \_\_\_\_\_ City: \_\_\_\_\_ Zip: \_\_\_\_\_

Email: \_\_\_\_\_

Cell Phone: \_\_\_\_\_ Home/Work Phone: \_\_\_\_\_

How many people live in your household? \_\_\_\_ Ages of Children: 6 & under 7-11 12+

Please note, we will not know in advance which or how many animals will be looking for foster families. We are hoping for a busy week of adoptions prior to 12/23, and priority will be given to adopters. Depending on the community interest, if we receive more foster families than animals looking for foster homes, we will keep your application on file for other future events. We will do our best to match animals to their foster families, but many animals are transferred to our shelter without a previous history. Home for the Holidays foster families should have a backup plan to separate foster animals from resident pets if they do not get along. We recommend bringing all young children in the home to meet potential foster animals at the time of pick up to ensure an appropriate match.
